

Science Utsav 2023

Navi Mumbai Science Foundation

Video Exhibition of Students' Experiments 2023

Sunday, 19th Feb 2023

Video display of experiments presented by

High School Students, Scientists and Institutions over Online medium.

Multimedia has become a thing that is easily available to students through mobile phones. This gives a unique opportunity to children to display their creativity. Here we present a excellent opportunity for children to showcase their knowledge and ability by designing and carrying out an experiment of their choice and present it as a 3 – 4 minute video over a Zoom meeting. The presentation will be made live on YouTube and will be available for future use. Selected experiments will be awarded attractive prizes.

Salient Features

- Students contributions as 3 - 4 minute video
- Best students' videos will be awarded
- Free registration by 10th Feb 2023
- Demo by scientists & Institutions presented online

Organizers

Advisor: Dr. A.M. Bhagwat (NMSF); **Convener:** Dr. A.K. Rajarajan (NMSF)
